Important Class Information

1. Music & Movement was designed with an understanding of child development and we respect the fact the little children need lots of variety and movement. With this in mind, we do not require the children to sit if they want to be standing or moving.

2. For the safety and enjoyment of all our participants, we ask that the children do not run, rough house, scream or act aggressively towards each other. We understand that all of these behaviors are developmentally normal but they are also disruptive to the group. If your child is having a hard time following these rules, we ask that you remove them from the classroom for a short break. This will ensure we all have a great time.

3. Our insurance policy and Harveston both require us to have each parent sign a liability waiver before attending our classes. Please be aware that we will not be able to have you participate without this waiver.

4. Our sibling policy is that all siblings who attend the class and are over the age of 12 months old must be enrolled in class. During school breaks older siblings are welcome to come for a prorated fee if there is space available.

5. If you don't feel like the class is a good fit for your child, you may request a refund. Requests must be submitted the day or day after your child's first class to allow us time to fill the spot. Refunds will be for the remainder of the session.

6. If you miss a class we will try to accommodate a make up during another class time within the session. This is based on availability and they are not guaranteed. Make ups cannot be carried over to another session or given to others.

7. Our classroom is located in the Harveston Lake House at 29005 Lakehouse Dr in Temecula. Please enter through the main doors, go through the lobby, out the back doors toward the lake, turn left, walk down the path and we are on the left. Music & Movement is in the second room on the left just past the restrooms.

By signing this form, I acknowledge that I have read the above information and understand all class policies.
